Chairman's MESSAGE

Pastor
GEORGE IZUNWA
Chairman Board of Governors

It is my honour to welcome all our students, parents, staff, board members and everyone to a new academic session. I count it a privilege to serve as the Chairman of the Board of Governors of this prestigious school!

RoyalCourt Private Seghool is a school founded with the core purpose of providing students with a top class platform for academic excellence. It is also our aim to partner with parents to help our students develop godly character, diligence, creativity, personal life vision, independent thought, relational wisdom, generosity, and every tool they need to become fully functional young leaders by the time they graduate.

Again, from the seminal moments of this academic project, it has been the resolve of the visionary and leadership of this school to position it as a leading institution, ranking among the topmost private schools in the nation. The school also aims at exposing our students to an international academic curriculum that will prepare them for success anywhere higher educational pursuits will take them. Yes, the goals are lofty but very attainable! It will not come cheap or easy, but will arrive speedily when we all as stakeholders engage with them and with one another, intentionally investing the best we can

into it. That is why this school will always welcome your regular visits, positive interaction with staff, constructive feedbacks and every input that will help sharpen our strategy to go forward.

As you will notice, the top class facilities of the school keep getting better! More learning materials keep getting better! More learning materials keep arriving. The ICT and music kits are exquisite. The hostels are real homes. The drive ways are well layed out. The flower courts look amazing. The facilities are ultramodern. It is our desire that everyone's contribution will keep RoyalCourt getting better and better!

Finally, let me acknowledge the efforts of all the governors, consultants, parents and especially the staff of the school who almost seamlessly managed the normal "craziness" of the school inception. This feat is a testament to the abundant grace of God available in this institution. We believe that everything will only get better!

Once again, I want to thank the promoter of the school and proprietress for the honour to be part of the success of this beautiful institution! Your vision for this school will be exceeded in Jesus Christ name! God's blessings!
